<p><i>Invitation to</i></p> <p>Fluid Mechanical Engineering</p> <p>Colloquium #6/02</p>	<p>Contact address:</p> <p>Prof. Y. Takeda Division of Mechanical Science Ext. 6371 E-mail: yft@eng.hokudai.ac.jp</p> <p>Date : 24 January 2003</p>
--	--

日時と場所 平成 15 年 3 月 13 日 (木) 15:00-17:00 A1-17 物理工学系大会議室

講師 **Dr. R.M. Kerr**
Professor, Center of Computing Science, University of Warwick

講演題目 **Vortex collapse problems – numerical revisiting**

講演概要

An international collaboration is being organized on the numerical revisiting of the vortex collapse problems by Warwick (UK), Rutgers (US), Nice observatory (F) and hopefully Kyoto (J). This activity will be introduced and encourage a participation of Hokkaido.

Vortex dynamics such as vortex interaction and collapse will be lectured and their practical applications and importance will also be presented.

本講演会は、日本機械学会北海道支部流体力学懇話会との共催です。

この講演会は北大国際協定校支援事業・JSME 北海道支部の支援を受けています。
(Supported by the Hokkaido University International Exchange program and JSME Hokkaido branch.)
