

Seminar & Lecture Series

12.3.03	Dr. R.M.Kerr Dr. G.P.King	Introduction of research activity of the fluid group at the University of Warwick
13.3.03	Dr. R.M.Kerr	Vortex collapse problems – numerical revisiting (Co-organized with JSME Hokkaido Branch)
19.3.03	Dr. G.P.King	Orthogonal decomposition – Principle, practice and its importance in flow structure analysis
24.3.03	Dr. G.P.King	Eccentric Taylor Couette Flow as a mixing problem (tentative)
